

1st Workshop on Anemometer Calibration

March 9th, 2015 from 9:00 to 14:00

Cabinn Metro Hotel. Arne Jacobsens Allé 2. 2300 København

Meet the experts from the leading anemometer calibration laboratories in a context for collaboration and open talk.

During this workshop Measnet members will share their experiences with representatives from the industry.

Assistance confirmation

Send e-mail before February 20th to secretary.lucia@measnet.com

meas *net meets the industry*

Monika Krämer. Windtest Grevenbroich. Measnet Chairwoman.
Welcome and presentation.

.....

Nikolaos Stefanatos. CRES. Anemometer Expert Group Coordinator.
Anemometer calibration in the Measnet network.

.....

Svend Ole Hansen. SOH Aps.
Flow-induced uncertainties on calibration and classification

.....

Dieter Westermann & Peter Busche. Deutsche WindGuard.
Relevant parameters during anemometer calibration.

.....

Alejandro Martínez. IDR/UPM. Measnet Vice-Chairman.
Calibration equipment and sources of uncertainty.
